2022-2023 ANNUAL REPORT

Following the announcement of Jill Singleton's retirement after 18 years as Head of School, the Board of Trustees unanimously decided to appoint an interim head. This decision was grounded in the belief that a period of transition necessitates stability and continuity in leadership. An interim head provides the requisite leadership and guidance during a transitional phase, ensuring that our school continued to thrive while searching for a permanent successor.

We were fortunate to have secured the expertise of Tom Trigg as the Interim Head of School. With a distinguished background in education and leadership, including roles as Head of School at Cape Cod Academy and Carolina Day School, Tom brought a wealth of experience to our community. His contributions reaffirmed the decision and provided the time needed to find our next Head of School in Kimberly Beck.

A TRANSFORMATIVE GRADE 8 CAPSTONE TRIP

Partnering with Travel for Teens, alongside some of our esteemed faculty, our Grade 8 students embarked on a remarkable capstone trip to Scotland, marking our first overseas excursion since the onset of the pandemic.

Beyond visiting historic castles and verdant countryside, our trip took on a deeper significance as we immersed ourselves in Scotland's sustainability efforts. Guided by our school's mission of environmental responsibility and stewardship of the earth, our students had the unique opportunity to witness firsthand the innovative initiatives driving sustainable practices throughout all of Scotland.

From engaging with local communities to learning about renewable energy projects, our students gained invaluable insights into the interconnectedness of environmental conservation and global citizenship. Through experiential learning activities and immersive cultural exchanges, they developed a deeper appreciation for the delicate balance between humanity and nature.

As we reflect on the profound impact of our Grade 8 capstone trip to Scotland, we are reminded of the enduring importance of fostering a sense of global awareness and responsibility among the next generation of leaders. Through transformative experiences such as these, we continue to cultivate compassionate and environmentally conscious individuals who are poised to make a difference in the world.

SPRING AUCTION

This year, our annual Spring Auction marked a significant milestone as we embarked on a journey to revitalize and enhance the 707 campus gymnasium. Through the generosity and support of our community, we raised vital funds dedicated to transforming this cherished space.

The refurbishment of the gymnasium promises to elevate the student experience in myriad ways. With plans to refinish the floor, repaint the walls, and install new branded logo padding, the physical transformation will create an inviting and inspiring environment for all who enter. Beyond aesthetics, these enhancements will ensure that our students have a safe and comfortable space to engage in physical activity, fostering their overall well-being and promoting healthy lifestyles.

Thank
you!

The revitalized gymnasium will serve as a versatile venue for a diverse range of activities beyond traditional sports. From movement and dance classes to open science presentations and community events, the redesigned space will facilitate interdisciplinary learning and creative exploration. Students will have the opportunity to showcase their talents, express their passions, and collaborate with peers across various disciplines, enriching their educational journey and fostering a sense of belonging.

In addition to the transformation of the gymnasium, the proceeds from our Spring Auction also enabled us to provide vital support to students on financial assistance. We are committed to ensuring that every student has the opportunity to thrive academically, socially, and emotionally, regardless of their financial circumstances.

As we look ahead to the completion of this transformative project, we extend our deepest gratitude to all who contributed to the success of our Spring Auction. Your generosity and dedication to our school community have made it possible to create a space where our students can learn, grow, and thrive.
